Title

SOFTSWITCH COMMUNICATIONS, INC OPERATING PROCEDURES TO
ENSURE COMPLIANCE WITH FCC RULING 64.2009(e)

SoftSwitch Communications, Inc. is a small 4 person company. Any and all marketing materials are handled by the President of the company and he does not utilize CPNI in those materials, or to promote any part of the business.

If any of the company s employees are asked for a CPNI from an outside party, the employee refers the outside third party to the President. He will then find out the nature of the information request and discuss with the client whether they would like their information released. None of our CPNI is ever released with out direct, written permission from the client to which the information relates.

The above steps are used to ensure that SoftSwitch Communications, Inc. is in fact compliant with the section 64.2009(e) of the FCC s rulings.
